## INDIANA STATE SENTINEL.

The undersigned having purchased from Messrs. Walker & Cottom the establishment of the Indiana State Sentinel, would respectfully a temporary absence in Washington City. call the attention of the Democracy of Indiana most intense interest. During the coming year, too, of the 'cordial welcome' I would re also, the people of Indiana will be called upon ceive from 'very many' of your hospitable to vote for President and to elect a State ticket, citizens; but it is not in my power, gentlemen, Legislature and Congressmen. The canvass to accept your invitation. The situation of promises to be an exciting one, and the result my private affairs, and the duty of preparing one of the highest importance to our State and for months to come for new scenes of public nation. In this canvass the Sextener will, as tion the whole of the coming Winter. I have heretofore, be found buttling manfully and with been compelled to decline every call of the all the power it can command, in the ranks of same kind from many quarters in my own have got.

In addition to politics, the SENTINEL will con- I sincerely regret this the more, because I tain the latest news, foreign and domestic, by have never set my foot on the beloved soil of telegraph, express, and the mails, up to the that portion of my country called New Enghour of going to press. Especial attention will land. This has not been owing to any anbe paid to the local news of our own State—a section. Masschusetts especially, I have been fact which should commend it to every citizen taught to venerate and cherish as the elder of the several candidates for the various offi-

AYER'S PILLS.

been attempted here, and with what success we would respectfully submit to the public decision. It has seen unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system aste more than counterbalance the good to be derived from them. These Pills produce no irritation or pain, unless it arises from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arrise from their use in any quanity; but it is better that any medicine should be taken indictiously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetita, Listicasness, Irritability. Hillous Headache, Billious Fover and Ague, Pain in the Side and Loins, for in truth, slit these are but the consequence of diseasels action of the liver. As an aperical, they affect account and the coins of the liver. As an aperical, they affect account and the coins of the liver.

the public will no longer doubt what remedy to a when in need of a cathartic medicine.

Being sugar wrapped they are pleasant to to being purely vegetable, no harm can arise from the

AYER'S PILLS. FOR ALL THE PURPOSES OF A FAM-ILV PHYSIC.—There has long existed a public demand for an effective purgative Pill which could be re-tied on as sure and purfectly safe in its operation. This has been prepared to meet that demand, and an extent sive trial of its virtures has conclusively shown with what enceess it accomplishes the purpose designed. It is easy to make a physical Pill, but not so easy to make the beat of all Pills—one which should have none of the objec-tions, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has seen

They have also produced some singularly successful cures in Kheumatism, Gout, Dropsey, Gravel, Eryspelas, Palpitation of the Heart, Pains in the Back, Stomach and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach into healthy action, and restores the appetite and vigor. They purify the blood, and, by their atmulant action on the circulatory system, renovate the attempts of the body and costere the sate of diseased energies of the whole organism. Hease an occasional dose is advanageous even though no acrons derange. dose is advaingeous even though no serious derate ment exists; but unnecessary desing should never
